

FINAL

Minutes of the Ordinary Meeting 6<sup>th</sup> March 2025  
Aberfoyle Memorial Hall

**Councillors Present:** Paul Mackintosh (PM) (Chair), Nick Lester-Davis (NL) (Vice Chair), Lynda McColl (LM), Catherine Cairns (CC) (Treasurer),

**Attendees:** Gene Maxwell (GM) (SNP Councillor), Lucy Johnstone (LJ), Walter Semple (WS) (Flood Group), David Fettes (DF) (LLTNPA), Hilary Soanes (Minute Taker) Online: Kate Bovill (Strathard Development Officer) & Trevor Geraghty (TG)

**Apologies,** Joyce Kelly (JK) (Planning), Natashya Sheppard (NS), Andre Goulancourt (AG), Police Representatives

Agenda Item:	Action:
<b>1.Apologies</b> – Noted above.	
<b>2.Minutes from Previous Meeting</b> – Minutes of 06/02/25 proposed by CC and seconded by NL. No matters arising.	
<b>3. Questions</b> – PM confirmed that no questions had been received by him. GM raised the point that some members of the public had questioned the road markings on Manse Rd bridge suggesting it was too narrow for pedestrians and could be dangerous. LM responded that, in fact, some safety work had been carried out following a request from residents and that this was the outcome. Perhaps more signage is required? It was left that it will be established in the fulness of time whether it causes any problems.	
<b>4. Ongoing business/ enquiries</b> – None	
<b>5. Councillors (SC)</b> – GM said the main news from the Council is the finalisation of the budget. The Revenue Budget totalled £317M (after allowing for inflation). He said there was no appetite whatsoever across all Parties for cuts to local services. All departments had been tasked with listing possible cuts. The main outcome of that was lots of angst and upset for the population of Stirlingshire. Locally the services targeted were nursery services, library services and music tuition. There was no political will to cut any of them yet the list is brought up year after year. In the end, virtually all the cuts were made from administrative adjustments e.g. staff churn was stated as 2% and by adjusting to 3% it saved an additional £3M. Streamlining office software, car expenses etc	

<p>A controversial issue was that of the ‘ring fenced’ car park funds of £300,000 – couldn’t some of this be used for public transport or DRT services? Also, Citizens Advice Bureau; there was talk of possible cuts there.</p> <p>Regarding the Capital Budget, £54,000 is allocated for Aberfoyle’s Flood Prevention Scheme. This is confusing because it appears to be down by £44,000 from last year and had once been as high as £150,000, yet there has been no obvious work carried out.</p> <p>The budget outcome means an increase in Council Tax of 8.8%. Whilst high it could have been much worse e.g. 15% increase in Falkirk.</p>	
<p><b>6. Treasurers Report</b> – Appended. Available funds are £4788.42 after hall costs and Admin/IT expenses. The only question raised (PM) was why the Hall fees had dropped from £25 to £20. A minor thing but curious.</p>	
<p><b>7. Police Report</b> – Appended. PM talked this through in absence of Police Representatives. Other than a disturbance in a hotel on 24/02 and an RTC on 15/02 – (both may result in charges) – there was very little to report for the period.</p>	
<p><b>8. Flooding</b> – WS returned to the previously reported saga of the inappropriate Engineers Report commissioned by SC, with inadequate consultation and quoting a scheme of an unaffordable £1.6M (see minutes 07/11/24). WS confirmed that the Flood Group have responded with a detailed and critical ‘comment report’ mentioning inaccuracies, lack of clarity, clear mistakes leading to unsatisfactory conclusions. Duggie Campbell has looked over the report and, it is his belief, it is overstated by some £500-750,000! The result is that SC have agreed to a meeting in due course. WS &amp; GM have also confirmed they have met to ensure all parties are up to date. GM commented how £1.6M sounds a lot of money yet £870K was approved to rebuild the Christy Clock and nearly £500K on consultancy fees relating to Council Offices!</p> <p>LM raised the issue of individual householders needing to be consulted before any flood prevention work is pursued (in any particular direction). One house, for example has experienced repeated damage due to a burn passing beneath it. WS stressed how individual households should take personal responsibility for approaching the Flood Group with any specific issues they may have. They are always open to receiving comments and listening to specific concerns.</p> <p>NL then raised a question directed to DS about whether the on-going flooding issues has caused a blanket moratorium on Planning Applications which are situated on that specific stretch of the B829. Also, NL reiterated his on-going query of the lack of a coordinated approach between FLS and the Emergency Services about a ‘right of emergency access’ during periods of flooding. NL will be writing to LLTNPA in an attempt to establish a definitive answer to this issue.</p> <p>PM has been in touch with the GM of Forest Hill Resort about the serious impact the floods on 31/12 had on them in terms of revenue loss. Discussion as to how</p>	<p><b>NL</b></p>

<p>to prompt Evelyn Tweed (SNP MP) to exert pressure on SC to address the issue more seriously. The challenges continue.</p> <p>At this point WS excused himself and confirmed he would report back as soon as any progress or otherwise is made.</p>	
<p><b>9. LLTNPA –</b></p> <ul style="list-style-type: none"> <li>• DF explained how the Planning Dept has been laden with the on-going Flamingo Land Appeal to Scottish Government leading to delays in the Local Development Plan – now scheduled for June.</li> <li>• Other news includes a Community Consultation for a potential East Loch Lomond Community Venison Larder Pilot which seems to have good momentum.</li> <li>• Sustainable Transport remains on the radar but no specific news.</li> <li>• The other major consultation underway regards the possible introduction of a Tourist Tax. No decisions made yet.</li> <li>• Recruitment has been taking place for the Seasonal Ranger posts.</li> <li>• The Park has a strong wish to celebrate local initiatives that focus on nature restoration and particularly youth projects. Anyone involved in the ‘Nature Needs Heroes’ campaign promoting sustainability and environmentalism or similar should get in touch with The Park to help inspire others.</li> </ul>	
<p><b>10. SCT –</b> KB and TG were both online to reconfirm the high levels of activity since the enlargement of the Board of Directors in Sept/Oct last year. Also, the news that the Lease has finally been negotiated over the former Tourist Information Centre and it is expected that Cobbs will take possession of the site very soon. Some refurbishment will be required before opening later in the year. SCT have had good engagement with Cobbs regarding Tourist Information to be sited there for walks, heritage, geology etc.</p> <p>There is still the challenge relating to the Business Hub upstairs. They only have a three month reprieve before being faced with a demand for Commercial Rent and Rates (undisclosed amount). KB mentioned that they need to demonstrate a better ‘Community’ use of the space e.g. youth use, in order to access funding from the “Thriving Communities Fund”. Any new ideas to build a case will be very gratefully received.</p> <p>PM commented how it seemed unfair to go from years of occupation by Visit Scotland for ‘no rent’ to a commercial rent of circa £19000 pa + rates (as advertised) for the TIC and then go even further by demanding a commercial rent for the first floor space.</p>	
<p><b>11. FLS –</b> Appended is an updated programme of activities. Nothing much to report.</p>	
<p><b>12. Life Plans –</b> No updates to report</p>	
<p><b>13. Planning –</b> Planning report appended. There was only one application during this period for a ‘change of use’ from houses to hotels/hostels for Crannaig</p>	

House, Trossachs Rd, Aberfoyle. There remains 2 overdue applications so little change from last month.	
<p><b>14. Roads</b> – Work continues on B829 but the anticipated completion date of 10<sup>th</sup> March will not be met and is likely to continue for another week or two. TG stressed how this has been really tough on businesses at the Stronachlachar end of the road, particularly for the Pier Café owners. TG made an appeal to everyone to advertise when the new road opens again and to encourage everyone to try it out and support the café to help them out. Another comment was there has been heavy harvesting of mature trees in Loch Arklet area and concern how all the logs will be transported out. FLS continually state they do not need to use the road and that timber will be carried on the forestry roads only. This will be closely observed and only time will tell.</p> <p>NL confirmed he has regular contact with John Hare and will broach the subject with him.</p>	<b>NL</b>
<b>15. Housing</b> – No specific updates. LM confirms that any ‘voids’ have now been allocated.	
<p><b>16. AOCB –</b></p> <ul style="list-style-type: none"> <li>NL mentioned a consultation that took place in Kinlochard Village Hall by Scottish Power Energy Networks regarding upgrading of the existing High Voltage Route passing through the area. (known as YW Route). There will inevitably be some commercial vehicle usage of the A829 in order to gain access. That said, some parts &amp; materials may also be helicoptered in. No dates for works have been given yet.</li> <li>LJ raised that, as a member of Aberfoyle Parent Council, she is involved in organising a 150 person 10KM run event which is hoping to raise in the region of £7000 for the ‘After School Club’. She has plenty of help to facilitate it, using forestry paths, and is hopeful of a good participation level with limited disruption to the village. Target date is 30<sup>th</sup> August. LM mentioned that the FLS schedule of works may prove useful to the organisers planning the routes, appended to these minutes.</li> <li>KB said please keep an eye on events updates e.g. 22<sup>nd</sup> March Co-op Food Waste Action at Memorial Hall; 10-12 Oct Festival of Trail Running</li> <li>PM asked LJ if she would consider joining the Council and LJ accepted the nomination. PM confirmed there are forms to fill and procedures to follow and he would sort this out in due course.</li> </ul>	<b>PM/LJ</b>
<b>17. Close and next meeting</b> – PM thanked everyone for their attendance, confirmed there will be a break in meetings for April and the next meeting will be 1 <sup>st</sup> May, hopefully to be held at Forest Hills (to be confirmed).	

Appendices:

- Treasurers Report
- Police Report
- Planning List
- FLS Activity update
- FLS Forest Park update

# Police Service of Scotland Community Council Report

**Community  
Council:**

Trossachs and Teith Ward,  
Strathard Community Council  
[hello@ccstrathard.org](mailto:hello@ccstrathard.org)

**Reporting  
Period:**

04/02/24 to 03/03/25 Compiled by PC Donald King

**Ward Plan  
Priorities**

**Antisocial Behaviour**

**You are concerned about antisocial behaviour including drunken behaviour.**

On 24/02/25 a disturbance took place at a hotel in the Aberfoyle area. Enquiries are ongoing but it is anticipated that persons will be charged and a report submitted to the procurator fiscal.

**Road Safety**

**You are concerned about speeding, dangerous driving and indiscriminate parking.**

On 15/02/25 a road traffic collision occurred on the A81 in the Aberfoyle area. After enquiry one driver is the subject of a report to the procurator fiscal in relation to Careless Driving.

**Theft**

**You are concerned about homes being broken into and travelling criminals.**

There have been no reported thefts during this time.

# Police Service of Scotland Community Council Report

## **Community Engagement and Reassurance**

It is important to you to have community officers who you know, who are accessible and who address local problems.

If anyone has any policing issues that they wish to discuss, please contact us at Callander Police Office on 101 or email [TrossachsTeithCPT@scotland.police.uk](mailto:TrossachsTeithCPT@scotland.police.uk)

## **Other Incidents / Activity of note**

## **Issues raised**

## **Community Council Feedback**

The Community Officers for your area are: PC Donald King and PC Lorna Deans, based at Callander Police Office.

The Community Sergeant for the area is PS Sarah Stephenson, based at Dunblane Office.

They can be contacted via the email address [TrossachsTeithCPT@scotland.police.uk](mailto:TrossachsTeithCPT@scotland.police.uk) or by phoning 101  
We regularly publish information on the 'Forth Valley Police' Facebook page and tweet using @StirlingPol

# Queen Elizabeth Forest Park Trail Update – February 2025

## Updated 11/2/25

Please find below the February trail update for Queen Elizabeth Forest Park. Storm Eowyn has seen significant disruption across the forest park. Please bear with us as we assess damage and carry out repair operations.

We are working to inspect all our trails and routes, however, it will take some time to inspect and clear all our facilities. We advise you to stay away from any closed routes, windblown trees and damaged infrastructure until they can be safely removed or repaired, and routes reopened. Please check the website for your intended destination before travelling.

### Balmaha

**Conic Hill - OPEN**

**Millenium Forest Trail – OPEN**

### Loch Ard

There is a significant amount of windblown trees throughout Loch Ard.

**8 Mile Loop - CLOSED:** There are large sections of complex windblow on the trail which will require machinery to safely remove.

**Sculpture Trail – CLOSED:** There are a number of trees down on the trail and a complex windblow site on the Rob Roy Cave section.

**Lochan Spling Trail – OPEN:** Some minor windblow trees that are safe and passable with care.

**Forth Valley Viewpoint Trail – OPEN:** Some minor windblow trees that are safe and passable with care.

**Gravelfoyle Routes – CLOSED:** There are significant sections of windblow trees on all routes. The Lochan Spling Trail bridge repair is complete with the trail re-opened. There are still remedial path works to take place, which will require further closure at a later date. There is still temporary signage in place but the bridge is accessible.

A harvesting site near Deer Craig / Balleich is ongoing, with some road repairs also taking place. The Rob Roy Way and Gravelfoyle routes will be diverted Mon-Fri when operationally necessary, but open at weekends, whilst work takes place. Please obey and onsite signage and diversions. The Youth Campsites at Milton are currently closed due to a harvesting site and road repair operation in the area.

**Inverardran Forest Trail – OPEN**

**Crianlarich Village Trail - OPEN**

### Long Distance Routes

We are working to check long distance routes such as the West Highland Way, Rob Roy Way, The Great Trossachs Path, Statute Labour Road and NCR7. This may take some time to complete.

Members of the public should expect blockages and closures on these routes whilst checks can be carried out.
